

# UF Health - Shands

**Website:** <https://ufhealth.org>

## My UFHealth

MyUFHealth, formerly known as MyChart, offers patients personalized and secure on-line access to portions of their medical records. MyUFHealth does not represent your legal medical record. MyUFHealth enables you to securely use the Internet to help manage and receive information about your health.

**Website:** <https://mychart.shands.org/mychartprd/Authentication/Login?>

## Oak Hammock Advantage

This is a special service for Members of Oak Hammock designed to facilitate scheduling appointments with any doctor or clinic affiliated with Shands at the University of Florida. You must first Pre-register and establish or confirm your personal electronic medical record number (known as EPIC patient number). The EPIC patient number is used to coordinate your care through the UFHealth/Shands network and tags your medical record as belonging to an Oak Hammock Resident. This notifies Oak Hammock's GatorMed Concierge of your admittance to or your presence in the UFHealth Emergency Department.

Provides one direct phone number to schedule the earliest available medical appointments regardless of specialty.

Provides an opportunity to request an available private room at any UFHealth hospital provided medical condition severity has been first considered.

Contact Oak Hammock IL Social Worker (352) 548-1162 to confirm your registration into the Oak Hammock Advantage Program. Any clerk with access to EPIC within the UFHealth Physicians network can verify your Oak Hammock Advantage membership.

Revised: January 23, 2022

**Phone:** (352) 265-7046 during regular clinic hours.

## UF Health After-Hours & Emergency Care

The UF Health Shands E.R. is co-located with the UF Health Shands Trauma Center, the area's only Level I facility, that sees both adult and pediatric trauma patients.
